Waga - 0,32 kg.

Zastosowanie - do szybkiego wygradzania terenu.

Yellow/Black Warning Tape – 100 m x 80 mm – High-Visibility Safety Marking Tape

The **yellow and black warning tape** is an essential safety product designed for fast and effective area marking in industrial, construction, warehouse, and public environments. This high-visibility tape, supplied in a **100-meter roll**, is made from durable material with a thickness of **40 microns**, ensuring strength, flexibility, and long-lasting performance. With an **80 mm width**, the tape provides excellent visibility, making it ideal for separating dangerous zones, marking restricted areas, and improving workplace safety.

Purpose, Legal Requirements, and Professional Use

The warning tape supports compliance with occupational safety regulations requiring proper marking of hazardous areas, temporary access restrictions, and safety zones. Its bright yellow-and-black pattern acts as a universal visual warning signal widely recognized across industries. It is suitable for indoor and outdoor environments and is often used during construction works, maintenance operations, traffic control tasks, and emergency situations.

This tape is lightweight (**0.32 kg per roll**), easy to transport, and simple to install — allowing users to quickly secure and highlight danger zones.

Five Additional Application Ideas

1. Marking temporary work zones in production halls
2. Securing event areas and guiding pedestrian traffic
3. Marking loading bays or forklift routes
4. Securing malfunctioning machines or temporarily blocked spaces
5. Demarcating queues or temporary walkways at public events

High Quality, Fast Delivery, and Trusted Supplier

Our warning tape offers excellent **value for money**, combining durability, strong visibility, and universal application. As a long-standing **manufacturer and direct importer of road and industrial safety equipment**, our company is widely recognized and trusted across European markets. We supply wholesale and retail customers and maintain a **large assortment of safety products**. Most orders are shipped **directly from our warehouse**, ensuring extremely fast delivery. With years of experience and a strong market reputation, we provide top-quality solutions for professional safety management.
