Przeznaczenie - stworzenie szybkiego wygrodzenia w biurze, magazynie, na parkingu.

Chain Post 130 cm – Red/White – Concrete Base for Fast & Effective Area Delimitation

High-quality safety post for warehouses, offices, parking lots and industrial areas

Our **130 cm red/white Chain Post with a concrete-filled base** is a professional and versatile safety solution designed for quick, visible and durable space delimitation. Manufactured from **high-quality polyethylene**, the post combines excellent rigidity with flexibility, ensuring long-lasting performance even in demanding indoor and outdoor conditions. The **black triangular base filled with concrete (2.7 kg)** guarantees excellent stability while remaining easy to reposition, making the product ideal for dynamic environments.

This safety post is fully aligned with European guidelines for **temporary safety zoning, workplace protection and hazard marking**, making it suitable for professional use in commercial, industrial and public facilities. The four-hole cap allows easy attachment of **chains or warning tape**, enabling the creation of fast and effective safety barriers.

Intended Use According to Legal Safety Recommendations

Based on EU occupational safety practices, chain posts are recommended for:

- marking restricted or service areas
- separating pedestrian and vehicle traffic

- organizing temporary zones during maintenance
- securing parking areas
- creating temporary safety corridors

Five Additional Applications

1. Queue management in public buildings
2. Delimiting event spaces
3. Marking cleaning or repair zones
4. Creating staff-only areas
5. Restricting access to sensitive equipment

Why Choose Our Product?

For many years, our company has been a respected **manufacturer and direct importer of road-safety devices**, known and valued across multiple European markets. We offer one of the **largest assortments of traffic-safety products**, competitive prices and **fast shipping directly from our warehouse**. Our experience and reputation guarantee reliability, top quality and excellent value for money.

This chain post is a durable, visible and cost-effective solution for any safety-critical environment.
