Przeznaczenie - stworzenie szybkiego wygrodzienia w biurze, magazynie, na parkingu.

Chain Post 90 cm Yellow/Black with Concrete Base - professional solution for quick and safe area separation

The 90 cm yellow/black chain post is a durable and highly visible **safety barrier element** designed for fast and efficient demarcation of spaces in offices, warehouses, parking lots, industrial facilities and commercial environments. Made of robust polyethylene, the post offers excellent resistance to impact and weather, making it suitable for both indoor and outdoor use. Its strong yellow-black color scheme ensures compliance with safety visibility standards.

Stable construction and practical design

The post features a plastic base filled with concrete. The triangular 2.7 kg base provides exceptional stability, preventing tipping even in busy pedestrian zones or light outdoor wind. The top cap includes four attachment points, allowing easy connection of **plastic chains or warning tape** for flexible barrier creation in various configurations.

Legal compliance and wide use

Chain posts are widely used across Europe to meet workplace safety and organizational standards. They support compliance with regulations related to restricted areas, pedestrian traffic management, hazard marking and access control. This product enables quick, effective and clearly visible area separation, reducing the risk of accidents and improving overall safety.

Why choose our product?

We have been producing and importing **traffic safety equipment** for many years. Our company is well-known and respected throughout European markets, supplying both wholesale and retail customers. With a large assortment of road safety products and shipment directly from our warehouse, we guarantee **fast delivery**, high quality and excellent value for money.

Additional application ideas:

1. Marking service or repair zones

2. Crowd guidance during events
3. No-parking zone delineation
4. Securing machinery operating areas
5. Queue management in commercial facilities
