

Flexible post 1000 mm - orange white tape

SKU: FL100OW

Gross Price: Kč 640.03

Net Price: Kč 528.96

Technical Specification

Attribute	Value
Dimension	1000 mm
Color	Orange
Material	PP
Weight	1,5 kg
Refliectiv	Yes
Shipping time	3-7 days

Description

Słupek elastyczny służący do rozdzielania pasów ruchu, odgradzania ciągów pieszych i jezdnych, oznaczenia na parkingach i podjazdach, niezbędna na parkingach podziemnych gdzie jest mało miejsca do manewrowania pojazdem.

Kolor pomarańczowy, dodatkowo oznakowany białą folią odbłaskową.

Cechy:

- słupek odporny na najechanie i uderzenie
- po zgnieceniu wraca do pierwotnej postaci
- prosty montaż - kołki rozporowe

Słupek bardzo przydatny na parkingach dla samochodów ciężarowych.

Inne kolory - biały, czarny, żółty - dostępne na zamówienie przy ilości min. 500 szt.

Flexible post 1000 mm - Orange with White Reflective Tape

High-visibility safety post for traffic separation, parking protection and pedestrian guidance

The **flexible 1000 mm post** in bright orange with **white reflective tape** is a highly effective traffic-safety device designed for professional use in parking areas, underground garages, driveways, loading zones and public roads. Manufactured from durable, impact-resistant materials, the bollard is engineered to withstand vehicle contact — it bends, absorbs impact and **returns to its original shape**. This makes it ideal for environments with limited maneuvering space, such as underground car parks and tight access roads.

The bollard complies with commonly applied European road-safety recommendations regarding **traffic-lane separation, pedestrian protection, hazard marking and vehicle-guidance systems**. It is widely used to:

- separate traffic lanes
- isolate pedestrian pathways
- mark parking spaces and restricted areas
- guide vehicles in narrow passages
- increase visibility in low-light conditions

Five Additional Applications

1. Delimiting cycling paths
2. Temporary traffic organization during events
3. Protecting building entrances and emergency exits
4. Marking loading docks and logistics routes
5. Securing school zones and pedestrian crossings

Why Choose Our Product?

We are a long-established **manufacturer and direct importer of road-safety equipment**, known and valued on many European markets. Our company offers one of the **widest assortments of traffic-safety products**, supplying wholesale and retail customers. Most items ship **directly from our warehouse**, ensuring fast delivery, consistent quality and an excellent price-to-performance ratio.

Thanks to its flexibility, durability, high visibility and competitive pricing, this 1000 mm post is an excellent choice for any location requiring effective and reliable traffic separation.
