Description

Plastic Chain Post 900 mm Red-White - durable and effective area marking

Our **900 mm red-white plastic chain post** is a reliable solution for marking safety zones, restricted areas, pedestrian routes and work spaces. Made from durable polyethylene, it provides excellent resistance to UV, weather conditions and mechanical damage. The black polyethylene base can be filled with sand or water for outstanding stability while keeping the product lightweight (1.00 kg).

Why choose our 900 mm chain post?

We are a long-established **manufacturer and direct importer of road safety equipment**, trusted across multiple European markets. Our posts offer long service life, top quality and an excellent **price-to-quality ratio**. Most products are shipped directly from our warehouse, ensuring **fast delivery**.

Applications

Perfect for:

- marking safety and BHP zones,
- separating work areas,
- organizing parking spaces,
- guiding pedestrian traffic,
- temporary traffic and warehouse management.

5 Additional Uses

1. Event and concert area marking.
2. Technical and service zone separation.
3. Communication routes inside warehouses.
4. Use in sports and recreational facilities.
5. Access restriction in public or private areas.
