

Chain post 1100 mm - yellow/black - concrete base

SKU: ST110YBBET

Gross Price: Kč 350.90

Net Price: Kč 290.00

Technical Specification

Attribute	Value
Dimension	1100 mm
Color	Yellow/black
Material	PE
Weight	3,2 kg
Base dimension	270x270x270 mm
Shipping time	2-3 days

Description

Słupek do łańcucha.

Wykonany z polietylenu.

Wysokość - 110 cm.

Kolor - żółto/czarny.

Podstawa plastikowa, czarna, trójkątna - wypełniona betonem - 2,7 kg.

Posiada kapturek z czterema otworami do zaczepienia łańcucha lub taśmy ostrzegawczej.

Przeznaczenie - stworzenie szybkiego wygrodzienia w biurze, magazynie, na parkingu.

Chain Post 110 cm with Concrete Base - Yellow/Black

A professional traffic safety device — high quality, durability, and reliability

Why Choose Our Chain Post?

Our **110 cm chain post with concrete base and chain-mounting cap** is designed for heavy-duty use, safety, and clear space organization. Made of durable **polyethylene**, resistant to weather conditions and mechanical damage, it guarantees long-lasting performance even in demanding environments.

The stable **triangular concrete base (270 × 270 × 270 mm)** in black ensures excellent resistance to tipping, while the entire structure, weighing **3.2 kg**, offers a perfect balance between stability and mobility.

With a height of **1100 mm** and highly visible **yellow/black coloring**, the post is easily noticeable both during the day and at night, which is crucial for safety in public and industrial areas.

Product Description - Safety, Visibility, and Functionality

Technical Specifications

- **Post height:** 1100 mm
- **Material:** polyethylene (high impact and UV resistance)
- **Post color:** yellow/black – optimal visibility

- **Base color:** black
 - **Concrete base:** triangular 270 × 270 × 270 mm
 - **Weight:** 3.2 kg
 - **Accessories:** cap for chain mounting
-

Compliance with Regulations and Product Purpose

Our chain posts fully comply with **regulations governing traffic safety devices**, particularly those related to the organization of traffic in parking lots, maneuvering areas, private premises, industrial zones, and public spaces.

According to current standards, safety and separation elements must be **durable, stable, highly visible, and safe for users** — exactly the features provided by this product.

This post is ideal for:

- restricting access to selected zones,
 - securing pedestrian areas,
 - guiding traffic routes,
 - organizing parking spaces,
 - separating industrial and warehouse areas.
-

Additional Uses of the Chain Post

Beyond standard applications, the post can also be effectively used for:

1. **Temporary marking of technical failures** (e.g., leaks, surface damage, maintenance zones).
2. **Securing outdoor events**, creating clear access and restricted zones.
3. **Marking evacuation routes or buffer zones** in industrial and warehouse facilities.
4. **Organizing communication routes in logistics centers** and storage areas.

5. **Structuring outdoor spaces**, such as queues, entry zones, or temporary pathways.

Why Choose Our Company?

For **many years, we have specialized in traffic safety equipment**. We are both a **manufacturer** and a **direct importer** of products used by companies, municipalities, and private clients across Europe.

Our brand is **well-known and respected** on multiple European markets, where we supply both **wholesale and retail customers**.

We offer a **very wide range of road safety products**, including traffic posts, separators, speed bumps, parking barriers, and reflective devices.

Most of our products are shipped **directly from our warehouse**, ensuring **fast delivery** and full stock availability.

High Quality and Excellent Value for Money

Our chain post offers an **exceptionally attractive price-to-quality ratio**, providing a solid structure, long-lasting durability, and high functionality suitable for commercial, industrial, and public environments.

If you need a high-quality product that will last for years, meet current safety standards, and maintain great visibility — this **110 cm chain post with concrete base** is the perfect choice.
