Description

70 L Sand and Salt Container – Durable, Flexible, Yellow with Lid

Our **70-liter sand and salt container** is a premium road-safety device made from **flexible and highly durable polyethylene**, resistant to cracking, UV radiation and harsh weather conditions. Perfect for year-round outdoor use.

Dimensions:

- **height: 673 mm**
- **width: 519 mm**
- **depth: 538 mm**
  Weight: **6 kg**

Purpose and legal recommendations

Designed for **storing sand, salt and anti-slip mixtures**, in accordance with regulations for winter road and pavement maintenance. Ideal for public areas, roads, company grounds and places where safety requirements demand reliable anti-slip protection.

Practical lid for protection

A strong lid protects the material from moisture, ensuring the mixture remains effective even during heavy snow or rain.

Additional uses

This container can also be used for:

1. Storing absorbents in industrial facilities.
2. Keeping bulk materials on construction sites.
3. Storing feed or grain on farms.
4. Warehouse storage in logistics companies.
5. Keeping cleaning supplies in public facilities.

Trusted manufacturer

For many years we have specialized in **road-safety devices**. We are a **manufacturer and direct importer**, recognized across European markets. We provide **fast delivery**, excellent product quality and an outstanding **price-to-value ratio**. Most items ship directly from our warehouse.
