Description

Tabliczka CLIP

Tabliczka CLIP cechuje się szybkim i intuicyjnym montażem na pachołku. Tabliczka ostrzegawcza pozwala na umieszczenie w niej istotnej informacji lub znaku co wpływa na zwiększenie bezpieczeństwa oraz poprawę jakości zarządzania ruchem. Sprawia też, że pachołki mogą pełnić funkcje nie tylko ostrzegawczą, lecz również informacyjną. Tabliczki CLIP dostępne są w kolorach żółtym, białym oraz pomarańczowym.

Cechy:

- Tablica do słupka wykonana z plastiku.
- Uniwersalny zaczep pasuje do większości pachołków.
- Na tablicy można pisać pisakiem suchościeralnym, doczepić kartkę, naklejkę.
- Kolor pomarańczowy.

Premium CLIP Plate for Traffic Cones - Reliable, Durable and Fully Versatile

Professional Warning and Information Plate for Traffic Management

The CLIP Plate for traffic cones is an essential accessory for modern traffic control, offering a quick and intuitive mounting system that fits most standard cones. Made of durable plastic and available in yellow, white and orange, this warning plate significantly increases visibility, safety and the quality of information presented in high-traffic areas. It enables cones to fulfil not only their warning function but also to become an efficient information carrier, which is crucial for effective traffic management in accordance with European road safety regulations.

High-Quality Construction and Wide Application

The universal CLIP mount guarantees a stable and secure attachment, even in demanding outdoor conditions. This product meets the expectations of professionals working in accordance with applicable legal standards regarding the marking of construction sites, temporary traffic organisation and safety zones. The surface of the plate allows writing with dry-erase markers, attaching notes, stickers or printed instructions — making it a versatile solution for construction companies, logistics centres, industrial facilities and event organisers.

Additional Application Ideas

- Marking emergency zones and evacuation routes
- Labelling parking sectors and loading zones
- Identifying temporary hazards inside warehouses
- Information signage during sports or cultural events
- Quick marking of service or maintenance areas

As a long-established manufacturer and direct importer of road safety equipment, our company is recognised and valued in many European markets. We supply both wholesale and retail customers, offering a very wide range of traffic-related products. Most orders are shipped directly from our warehouse, ensuring fast delivery. The CLIP Plate stands out with excellent quality, long service life and an exceptional price-to-value ratio — making it an ideal choice for professionals seeking reliable and cost-effective solutions.
