Description

Ośmiokątna tabliczka informacyjna do słupka ostrzegawczego lub pachołka.

Ośmiokątna tabliczka informacyjna do ostrzegawczych słupków drogowych, wykonana z polietylenu. Może być stosowana zarówno wewnątrz budynków jak i na zewnątrz. Tabliczki cechują się prostym i szybkim montażem poprzez wkręcenie w specjalny uchwyt do zamocowania na pachołku. Możliwe jest umieszczenie na tabliczce znaku lub informacji, co może pomóc w usprawnieniu kierowania ruchem.

Cechy:

- Łatwa w montażu/demontażu - nakładana na pachołek.
- **Produkt nie posiada naklejonego znaku** który można dodatkowo zamówić telefonicznie.
- Tablica pasuje do większości znaków zakazu i nakazu

Octagonal Cone Sign 75/100 cm - 60 cm - Professional Road Safety Accessory

The octagonal 60 cm sign for 75/100 cm traffic cones is a durable, high-quality road-safety accessory designed for effective marking of restricted areas, temporary zones and controlled routes. Manufactured from strong polyethylene, it offers excellent resistance to impact, weather conditions, UV radiation and heavy-duty use. Its universal size makes it compatible with most standard safety cones and warning posts used in Europe.

Purpose and Legal Use

This octagonal sign can be installed both indoors and outdoors, making it ideal for warehouses, industrial halls, parking facilities, public events, maintenance zones and roadworks. It is compatible with most mandatory and prohibition signs, allowing users to mount symbols compliant with European safety and traffic regulations. It supports proper traffic-flow organization and meets common requirements for temporary road signage used in accordance with local safety and workplace regulations.

High Durability & Fast Installation

The sign features a simple, slip-on mounting system that allows quick installation on any standard cone. The additional screw-on attachment provides enhanced stability for challenging environments. The product is delivered without printed symbols — these can be ordered separately, ensuring full flexibility and customization.

Why Choose Our Company?

We have been specializing in road-safety equipment for many years. As a well-established manufacturer and direct importer, we supply wholesale and retail customers across numerous European markets. Our extensive assortment includes a wide range of road-safety devices, shipped directly from our warehouse for fast delivery. With excellent durability and a highly competitive price-

to-quality ratio, this cone sign stands out as a reliable and cost-effective solution.

5 Additional Uses:

1. Marking hazardous zones in industrial buildings.
2. Guiding pedestrian traffic during public events.
3. Identifying seasonal or temporary parking areas.
4. Directional signage on commercial premises.
5. Marking construction or maintenance zones.
