## Description

# 70 L Sand and Salt Container - Green Polyethylene Grit Bin

**Durable green sand and salt container for professional winter maintenance**

The 70 L green sand and salt container is a practical and visually appealing solution designed for storing de-icing materials in residential, commercial and public spaces. The green colour allows the bin to blend naturally into landscaped areas, parks and housing estates, making it an excellent option where aesthetics matter. Constructed from flexible and impact-resistant polyethylene, the container withstands harsh weather, UV exposure and heavy use. Rounded edges improve handling safety, while the fitted lid protects the stored material from moisture, dirt and snow.

## Technical specifications

- Dimensions: 760 x 550 x 410 mm
- Capacity: 70 litres
- Weight: 9 kg
- Material: high-quality polyethylene
- Colour: green
- Edges: rounded for maximum safety
- Lid: tight-fitting, weather-resistant
- Shipping: parcel up to 3 pcs, pallet up to 14 pcs

## Key advantages and benefits

The green 70 L grit bin ensures that sand or salt is always available where slippery surfaces pose a risk. It significantly enhances pedestrian and vehicle safety during winter weather. The polyethylene body provides long-term durability without rusting or excessive wear. Covered by a warranty, the bin offers outstanding value for money and is suitable for property managers, public authorities and private companies alike.

## Intended use, compliance and application scenarios

The container is designed for storing road salt, sand and de-icing mixtures in accordance with safety regulations requiring winter maintenance of pedestrian routes and vehicle access areas. Ideal for residential complexes, office buildings, sports facilities, shopping centres, petrol stations and industrial estates, it provides reliable protection against icy conditions while maintaining a clean, orderly appearance.

## **Five additional uses**

1. Storage of absorbents and spill-control materials in industrial facilities.
2. Container for gravel, aggregate or construction granulate.
3. Feed or grain bin for agricultural use.
4. General-purpose storage box in warehouses and logistics centres.
5. Holder for cleaning agents and maintenance tools in public buildings.

## **Trusted supplier of road safety equipment**

We are an established manufacturer and direct importer of road-safety devices with many years of experience. Our products are recognised on multiple European markets, and we support both wholesale and retail customers. Most items are dispatched directly from our warehouse, ensuring fast delivery and high availability. By choosing our green 70 L sand and salt container, you benefit from proven quality, durable materials and the expertise of a reliable industry specialist.
