Weight	1,5 kg
Shipping time	1-2 days

Description

Red Traffic Cone Topper with 12 m Red-White Belt - compatible with 75 cm, 90 cm and 100 cm cones

This **red cone topper featuring a 12-meter red-white retractable belt** is designed for large-area safety marking. It is ideal for warehouses, construction sites, industrial plants, parking zones and public event spaces.

The unit is intended exclusively for cones with heights of **75 cm, 90 cm and 100 cm**, ensuring proper stability and safe belt operation. **It is not suitable for shorter cones**, as they do not provide adequate support for a 12-meter belt.

Technical specifications

- Material: durable polyethylene
- Topper colour: red
- Belt colour: red-white
- Belt length: 12 m
- Belt width: 5 cm
- Spring-loaded automatic retraction
- Compatible cones: 75 / 90 / 100 cm
- Not compatible with shorter cones
- Option to attach up to three additional belts

Key advantages

The extended 12-meter length enables marking very large areas while maintaining excellent visibility. The red-white pattern provides a clear warning signal recognized across all safety standards. Its retractable mechanism ensures fast deployment and easy handling.

Applications

- large construction zones
- industrial sectors
- logistics centres
- parking structures
- public events

Additional uses

- long corridor demarcation
- temporary hazard area separation
- emergency response sections
- safety training spaces
- visitor routing pathways

Why buy from us?

As a long-established manufacturer and direct importer of **road safety equipment**, we guarantee excellent quality, fast delivery and competitive pricing. Our products meet strict European safety requirements and are widely used in various industries.
