Farbe: Orange mit weißem Streifen

Gewicht: 2,2 kg

Standfuß aus recyclebaren Material

Dieser Kegel steht fest "im Leben" durch einen schweren Fuß aus Gummi und kann durch seine flexible PVC Hülle für sehr viele Orte verwendet werden.

Traffic Cone 500 mm PVC/REC - Professional Road Safety Device

The **500 mm PVC/REC Traffic Cone** is a high-quality road safety device designed for efficient marking of work zones, separating areas and guiding pedestrian and vehicle movement. Made from flexible PVC with an **extra heavy recycled base**, it guarantees excellent durability, stability and resistance to impact and harsh weather conditions.

Strong Construction, Legal Compliance and Maximum Visibility

With a **height of 500 mm**, a **290 × 290 mm base**, and a **weight of 2.2 kg**, this cone offers outstanding stability, making it suitable for areas with heavy traffic. The **bright orange color with white reflective stripes** ensures high visibility and compliance with regulations governing temporary traffic management and safety marking. The flexible PVC construction reduces the risk of injuries and damage to vehicles.

The cone meets general European recommendations for **temporary traffic control**, workplace safety regulations and road safety guidelines, making it ideal for professional use.

Applications and Five Additional Uses

Primary applications include road works, renovations, traffic control and parking management. Additionally, the cone can be used for:

1. Marking industrial and warehouse zones
2. Securing construction areas
3. Creating temporary pedestrian routes
4. Outdoor and sports event organization
5. Driver training and maneuvering exercises

Trusted Manufacturer, Fast Delivery and Excellent Value

Our company has been specializing in **road safety equipment** for many years. As a **manufacturer**

and direct importer, we supply high-quality products to multiple European markets for both wholesale and retail clients. With a wide assortment of traffic safety devices and **fast shipping directly from our warehouse**, we ensure quick order fulfillment. The 500 mm PVC/REC traffic cone offers excellent durability, long service life and outstanding value for money.
