

BetonBlok 120x40x40 flat

SKU: LEG 120x40x40 FL

Gross Price: Kč 2,088.58

Net Price: Kč 1,726.08

Technical Specification

Attribute	Value
Dimension	120 x 40 x 40 cm
Color	Grey
Material	Beton C30 / 37
Weight	450 kg
Shipping time	7-14 days

Description

BetonBlok 120×40×40 cm - elongated modular concrete block for professional applications

The BetonBlok 120×40×40 cm is a strong, durable modular concrete block manufactured from high-quality C30/C37 concrete. Its extended length and compact 40 cm width make it ideal for precise layouts, narrow spaces and technical infrastructures. This model is widely used in industrial, agricultural, construction and logistics facilities where reliable, long-lasting structural components are required.

Technical Specifications

- Model: BetonBlok 120×40×40 cm
- Material: C30/C37 structural concrete
- Design: rectangular block with interlocking studs
- Weather resistance: excellent frost, UV, moisture and temperature resistance
- Fire classification: **BetonBlok elements with widths of 60 and 80 cm comply with EN 13501-2 fire-resistance requirements.**

Key Benefits

With a length of 120 cm, this BetonBlok enables longer sections of walls or bays to be constructed with fewer units, improving stability and saving installation time. No mortar or foundations are needed, making assembly fast, efficient and easy to modify. Despite its compact width, the block provides excellent strength and long-term durability. All materials used meet strict European standards, and the product comes with a full warranty.

The narrow 40 cm width allows precise fitting in locations where space is limited, making this block a highly practical choice for many industries.

Typical Applications

- technical partition walls
- compact storage bays and material bins
- construction site infrastructure
- agricultural storage setups
- temporary or permanent fencing

Additional Use Ideas

- ballast blocks for temporary structures
- bases for equipment and small machinery
- modular landscaping elements
- safety zone demarcation
- supporting bases for signage or gates

Why Choose BetonBlok?

Our company has been supplying BetonBlok elements to European markets for many years. We are known for excellent product quality, reliability and some of the fastest delivery times available. We cooperate exclusively with top-tier manufacturers meeting the highest industry standards.

Customers value the BetonBlok 120×40×40 cm for its durability, versatility and outstanding price-to-quality ratio.
