

BetonBlok 160x40x40 flat

SKU: LEG 160x40x40 FL

Gross Price: Kč 2,661.21

Net Price: Kč 2,199.36

Technical Specification

Attribute	Value
Dimension	160 x 40H x 40 cm
Color	Grey
Material	Beton C30 / 37
Weight	600 kg
Shipping time	7-14 days

Description

BetonBlok 160×40×40 cm - extended modular concrete block for efficient structural solutions

The BetonBlok 160×40×40 cm is a long-format modular concrete element manufactured from high-strength C30/C37 concrete. Designed for demanding industrial and technical environments, this block enables the construction of long, stable sections with fewer units while maintaining excellent precision and structural rigidity. Its compact width of 40 cm makes it ideal for locations with limited space or where accurate alignment is essential.

Technical Specifications

- Model: BetonBlok 160×40×40 cm
- Material: C30/C37 structural concrete
- Dimensions: 160 × 40 × 40 cm
- Resistance: excellent weather, frost, moisture and UV resistance
- Fire classification: **BetonBlok elements with widths of 60 and 80 cm meet EN 13501-2 fire-resistance requirements.**

Main Advantages

Thanks to its extended length, the BetonBlok 160×40×40 cm allows long sections of walls, bins or partitions to be built quickly with fewer joints and higher stability. No mortar or foundations are required, which significantly reduces installation time and overall project cost. The structural grade concrete ensures durability, long service life and reliable performance in harsh conditions.

This model is particularly useful wherever long, continuous modular structures are required while maintaining compact geometry.

Typical Applications

- long technical partition walls
- extended material storage bays
- construction site infrastructure
- agricultural storage zones
- temporary or permanent fencing

Additional Application Ideas

- ballast for temporary structures
- bases for gates or perimeter systems
- supports for industrial installations
- landscape and infrastructure elements
- safety zone demarcation

Why Choose BetonBlok?

We have supplied BetonBlok systems across Europe for many years, working only with top-quality manufacturers. Our products are valued for durability, reliability and exceptionally fast delivery — among the fastest available on the market.

Customers appreciate the BetonBlok 160×40×40 cm for its outstanding usability, efficiency and excellent price-to-quality ratio.
